

Buzzards it is time for me to go,
But I want you all to know,
Teaching you has been great,
Even though we have had COVID to negate.
Your faces and work have kept me smiling,
My mind busy and ideas compiling.
You have all really helped me
To that I can guarantee.
So now I wish you all the best,
And would like to take this time to suggest,
That you continue to work hard,
Please do not let down your guard.
You all have so much to give
A happy and full life I want you all to live.
So now I will say goodbye
Go for it Buzzards, fly high!

Bye From Miss Johnston
